

Welcome to the Survey!

Welcome, and thank you for considering participating in this survey! This research aims to understand how gendered discrimination affects players' experiences in online multiplayer games and its broader impact on gaming communities.

The survey will take approximately 15-20 minutes and covers topics such as your personal experiences, observations, and perspectives.

Please note that some questions may address sensitive topics, including discrimination and harassment. Please proceed only if you feel comfortable. Your responses will remain anonymous, and participation is entirely voluntary—you may exit the survey at any time. Results of exited surveys will not be included in the research.

If you have any questions, feel free to contact us at

We appreciate your time and contribution to making gaming spaces safer!
